

2027 TOUCH-A-TRUCK

This hands-on activity lets children get in the driver's seat and explore large vehicles and such as emergency vehicles, a tractor, bus, police car, trolley, tow truck, dump truck and a backhoe. This very popular annual event draws a large crowd of excited kids and their parents. Kids have the opportunity to ask questions and learn what these vehicles do. The first 45 minutes of the event is designated as sensory friendly with no horn honking allowed.

Touch-a-TRUCK
